— Tsunami Safety Tips —

- If you feel a major earthquake that makes it difficult to stand when you are near the coastline, evacuate immediately!
- If a Tsunami Warning/Advisory is issued by TV, radio, internet, or loudspeaker, leave coastal or riverside area immediately and evacuate to high ground or a tsunami evacuation building.
Tsunami advisory: *tsunami chuiho*
Tsunami warning: *tsunami keiho*
Evacuate: *hinan shite kudasai!*
- Designated Evacuation Sites are places to evacuate when a large scale earthquake or other disaster takes place.
- You can confirm the Tsunami Warning/Advisory in English on the Japan Meteorological Agency's website. However, sometimes you won't be able to use your cell phone because of bad reception, so, we strongly recommend you carry a portable radio with you. NHK radio 2 (1539 kHz AM) broadcasts news in English/Chinese/Korean/Portuguese during emergencies.
Japan Meteorological Agency's website: www.jma.go.jp/

Ishinomaki Port

Continue to Ishinomaki North Oshika Peninsula Section

Oharahama
